

## **COVIDEO Questions**

First off – THANK YOU for joining me in this project. I appreciate your time, and willingness to reach out, be on camera (which is hard for many of us), and to have some fun!

In preparation for this video, I wanted to give you an outline of the interview so you can prepare your commentary and not feel blindsided at all!

I do ask that you make sure your mic and camera are working, that you are well lit, and in a quiet space as these phone/laptop mic's tend to pick up a lot of white noise!

I'm hoping this list will serve as a guide, as I'd like the interview itself to be informal.

### **Interview Questions:**

1. After I introduce you, I will ask "What do you do for work, and how has Social Distancing affecting you and your family." (this is to get an idea of your work sector, and how you and/or your family are managing during isolation)
2. Please share a POSITIVE story that has happened to you or that you have observed since the outbreak.
3. Do you have any tips or suggestions that you would like to share, from the point of view of your profession? (I can insert any links at the bottom of the video that you would like to share.)
4. To close on a humorous note, I will ask you to share your favourite dad-joke, pun or anecdote.

*Thank you for joining me in this project!*
